1. The fees for the Baccalaureate, the Licentiate, the Doctorate and the *Fuori Corso* may be paid in two installments. For the Doctorate, the first installment must be paid at the beginning of the first year, and the second installment must be paid at the beginning of the second year before the end of the enrolment period. The payment of the relative fees for the doctorate, therefore, is to be made annually.
2. All students, including even those *Fuori Corso*, must pay the required penalty if the payment is made after the due date. After the fifth year, the students *Fuori Corso*, must undergo an examination with reference to the course/seminar before being permitted to continue their studies.
3. Guest students, regardless of whether taking examinations or not, shall pay the full fees for the courses attended. The registration will be officially completed in the General Secretariat only if the student has paid all the academic fees. Guest students registering in September for courses of the first and of the second semester, are required to pay the fees for all the courses at the beginning of the first semester, otherwise the student is not regarded as registered.
4. Examination fees must be paid within and not later than 15 days prior to the date of the examination.
5. For the Faculty of Philosophy, a first installment (500,00 euro) must be paid when the request is made for admission to the first examination (*Lectio Coram*) of the doctorate. A second installment (900,00 euro), established according to the fees in force, is paid when the dissertation is submitted. For the other Faculties, the fees are paid in full when the dissertation is submitted.
