

PERMANENT FORMATION

In these unusual times you can still benefit from a sabbatical time and from the opportunities for permanent formation offered by the Pontifical University of Saint Thomas (Angelicum). And it is possible to do it now, without being physically present in Rome.

You can join courses online in the second semester of this academic year which runs from 15 February to 18 May 2021. And you can choose freely among the courses on offer according to your own interests and needs.

Here is just a small sample of the courses running this semester.
